## GESTE ENGINEERING

GESTE Engineering is a private Swiss company of consulting engineering. Professionally and politically independent, it is known for the high quality of its services and realizations, as well as for its efficiency and professionalism. Its main activities are:

- railway engineering, with a particular accent on automatic and signaling systems;
- safety, risk analysis and RAMS studies;
- aerodynamics, ventilation and climate.

### ▶ AT A GLANCE

#### ⌘ Why Open ERP?

- Flexible
- Easy to Use

#### ⌘ Benefits

- manage the projects
- expenses
- Timesheet.

GESTE Engineering manages complex and long duration projects. Open ERP was the only ERP suiting their requirements and at the same time flexible and easy to use. It opted for camptocamp to implement Open ERP. Thus the management of projects, expense notes and timesheets were implemented. After few months accounting module was also implemented. Open ERP has helped the company to satisfy all their requirements.
